

F I L M C L I P S

Courier Service...As of September 1, we are shipping audiovisual materials to public libraries and universities via the new KCVL Courier Service. Shipping times to and from the participating libraries have been changed to reflect the courier's pickup and delivery schedule. If you encounter problems with receiving or returning materials on time, please let us know as soon as possible.

We will continue to use UPS when shipping to libraries not covered by the courier service or to other non-library agencies.

Keyword Searching...Even if you are not using the D/MAX online booking system for booking materials, please give the keyword search feature a try. To conduct a keyword search on D/MAX, log on and go to the Main Menu bar. Type in "C" for Catalog and then "F" for Find. At the prompt, type in a keyword. A list of films/videos that contain the keyword in the title or annotation will appear. To see the annotation for any item on the list, simply type in the line number beside the title.

You may want to use truncation to improve your search results. For example, horse* will bring up materials which have the word horse or horses in the title or annotation.
